

TOURISM VISA Visitor visa for stay of up to 12 months (Persons UNDER the age of 18)

Tourism visas are intended for visitors seeking to enter Australia for the purpose of tourism or other recreational activities.

They do not permit the applicant to engage in work.

A single-entry or multiple-entry visa may be issued, depending on the needs and circumstances of the applicant. This is entirely at the discretion of the decision maker.

Attached is an application checklist to assist you in lodging a visitor visa application. Please complete and submit this checklist along with a completed and signed application form (Form 48, or 48R for non South African passport holders).

Previous travellers to Australia – If you have previously travelled to Australia and have abided with all visa conditions, weight may be given to your previous travel history in deciding a new application, however you must still provide the documentation requested overleaf.

Persons with no travel history to Australia – If you have never travelled to Australia, you must provide all the additional documentation listed overleaf.

Applications can only be processed quickly if all appropriate supporting documentation is provided at the time of lodgement. *Due to the high volume of visa applications received, a decision may be made on the information available without requesting further documentation, therefore it is in your interests to submit a complete application.*

Please note that an airline ticket is not a visa requirement and does not in itself lead to a visa being granted.

Further information regarding Australian visas is available on the Australian Department of Immigration, Multicultural and Indigenous Affairs website: www.immi.gov.au.

Please Note: The Australian High Commission, Pretoria, reserves the right to request further information, if deemed necessary.
